ATTEMPT OF FRED SKINNER TO MISLEAD OFFICERS RESULTS IN HIS ARREST BY PRISON GUARD

Details of the capture of Fred Skinner, who escaped from the state prison about two weeks ago, are contained in the Reno Journal and are reproduced as follows for the benefit of the Tonopah residents who are acquainted with the circumstances surrounding the conviction of Skinner:

Warden Cowing of the Nevada state prison and Lieutenant of the Guard William Kelly, arrived from Carson City last evening on the first lap of their journey to San Francisco, where they will go to get Fred Skinner, the escaped convict, and return him to the prison at Carson City.

Warden Cowing yesterday secured requisition papers from Governor Oddie and unless Skinner will return to this state without the formality of extradition, the warden will have to go to Sacramento to get the papers signed by the governor of California. Otherwise it is expected that he will return with the prisoner Monday if Skinner should demand extradition, which would be unusual in a case of this kind, the escaped convict will not arrive until Tuesday.

The capture of Skinner furnishes many mysteries as his escape. The first known of his whereabouts came through a telegram from Mabel Falker to the warden of the state prison as follows:

"My brother, Llewellyn Falker, known as Fred Skinner by you, is either in San Francisco or Modesto, or on his way to one of these towns. The proof of this is a registered letter sent by Smith or Rylee to locate one of the parties whom Llewellyn has sworn to add to his already long list of 15 or 20 which he has confessed to me.

(Signed) "MABEL FALKER"

Upon the receipt of this telegram Alex Stragn, overseer of the prison, was sent to San Francisco to cooperate with the police and detectives of that city on the case. Stragn carried with him pictures and data relative to the escape and upon his arrival in San Francisco turned them over to the police.

Upon the arrival of Stragn the detectives started to locate the sender of the above message. It was found that the message had been sent from the Western Union office in the Flood building. The girl who had received the telegram stated that a man had turned in the message and that she noticed him particularly, owing to the wording of the telegram. She further stated that she was willing to go with the detectives through the city and along Barbary coast to locate the man, claiming that she could identify him.

After making the trip of inspection and not locating the man she was given the picture of Skinner and recognized him as the one who sent the telegram. She described him as wearing a brown suit and hat and his height, complexion, color of eyes. Following this the detectives watched the home of the sister of the man and in that manner located him.

Stragn remained in San Francisco for a few days but when the identity of the sender of the message had been determined, he returned to his duties at the prison.

The detectives watched the house for more than a week and located him returning Friday night. Upon his arrival he was taken to the city prison and Chief of Police D. A. White of San Francisco notified Warden Cowing that he was holding his man subject to the latter's orders.

SERIAL NUMBER 01789

DEPARTMENT OF THE INTERIOR

U. S. Land Office at Carson City, Nevada, October 8, 1912.

Notice is hereby given that Samuel F. Mount of Keystone, Nevada, who, on April 10, 1908, made desert land entry No. 557, serial No. 01789, for NW. 1/4, NE. 1/4, NE. 1/4, NW. 1/4, S. 1/2, NW. 1/4, N. 1/2, SW. 1/4, SE. 1/4, SW. 1/4 and SW. 1/4, SE. 1/4, section 27, township 10 north, range 49, E. M. D. meridian, has filed notice of intention to make final desert land proof, to establish claim to the land above described, before the county clerk of Nye county, at Tonopah, Nevada, on the 16th day of November, 1912.

Claimant names as witnesses: Joseph T. Williams of Hot Creek, Nev.; Lloyd F. Mount of Keystone, Nev.; J. M. Douglass of Keystone, Nev.; Louis Hempel of Tonopah, Nevada.

LOUIS J. COHN, Register.
Date of first publication Oct. 9.

Rylee, whose name is mentioned in the telegram, was the man who was arrested in this city the day following the escape of Skinner and supposed to have been the man who was to aid him in his escape. Nothing could be proved against him and he left Reno for Ogden, stating to the chief of police on the eve of his departure that he was afraid of Skinner and was going in an opposite direction to the one the latter had taken.

The mystery in the case is why Skinner should send the message to the warden. Cowing believes that he did it for the purpose of throwing him off the track, and in an effort to make the officers believe that it was a fake telegram and would turn the attention of the officers to other quarters.

Skinner's wife, who, upon the incarceration of the latter, arrived in Carson, stated that she intended to remain by her husband even if it took the 50 years that he was sentenced for. Later she changed her mind, secured a divorce on the grounds that her husband was in the penitentiary convicted of murder, and married again. It was supposed that she located either in San Francisco or Modesto, and after her marriage Skinner is credited with making the remark that he would kill her if he ever got out.

It is believed that the mention of Modesto came from this idea of Skinner's and that he was at San Francisco in hopes that he might locate his wife and intended to proceed to Modesto if he did not find her there. At the same time the warden and his officers are trying to figure out why he sent the telegram and signed the name of his sister and at the same time allowed it to be the cause of his arrest.

Skinner has been recognized for the last couple of years as one of the shrewdest and most desperate criminals confined within the walls of the Nevada penitentiary, and that he should be caught by his own ruse to throw the officers off his trail, comes as a surprise.

Before leaving the Nevada state prison Skinner sent check for \$750 to the Yuma Iron works, payable to that firm. The letter inclosing the check stated that he desired that the money be invested for him. The draft was later returned to Skinner, after his escape, and was endorsed by J. M. Harris of that firm.

Warden Cowing stated last evening that he had received information that Harris still held the money for Skinner and that in all probability the latter intended to go to Yuma and draw it down.

What The Kidneys Do

Their Unceasing Work Keeps Us Strong and Healthy

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—which vary widely but may include pain in the back, headache, nervousness, hot, dry skin, rheumatic pains, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposit in the urine, etc. But if you keep the filters right the danger is overcome. Doan's Kidney Pills have proven an effective kidney medicine.

Mrs. Frank Saydak, Reno, Nev., says: "I suffered almost constantly from pain and weakness in the small of my back. I was also subject to headaches and a feeling of languor and I often became so lame that I could hardly stoop. I finally began using Doan's Kidney Pills and they removed my trouble in a short time. My health has been good since then and I give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

As only news of real value-giving makes good store advertising, it follows that a store must be able to print such news, in abundance, if its advertising is to accomplish anything.

TEN FEET OF ORE HAS BEEN OPENED UP IN BIG FOUR AT MANHATTAN

Special to the Bonanza

MANHATTAN, Oct. 15.—At the 400-foot level of the Big Four mine and adjoining the famous glory hole a 10-foot body of ore has been opened up that averages \$75 a ton.

It is a result of the recent campaign of prospecting in the walls of the glory hole here the ore was supposed to have been recovered by the leasers. It demonstrates that there is hardly a limit to the possibilities of an ore body in the schist formation, especially where the ore is not quartz, but schist enriched by spar seams.

After finding that the ledge was 40 feet wide at a depth of 60 feet in the raise that connects the 500 and 400-foot levels, further prospecting at a depth of about 480 feet in the mine during the past week has proven the same ore body there. The raise is on a heavy slant, hence the shoot was not tapped in the drift on the 500. Since the find at the 480 the drift has been started to catch the ore at the 500. It has been run 45 feet with approximately 20 feet yet to go. With that finished the ore body at the 500 will have been located definitely.

On the 200 level two enormous ledges have been proven in the east drift. Both are of an excellent milling grade.

Lemons! Lemons! Carload of fancy California lemons just received, \$4.50 per case. Telephone your orders. H. J. Hall Liquor Co.

LIGHT VOTE IS EXPECTED IN WHITE PINE COUNTY

As a result of the labor troubles in this district the vote in White Pine county promises to be very light, says the Ely Record. A large number of voters have already left and many more will be gone before the day of November. It would be impossible at the present time to predict the vote of this county, but it will probably be 50 per cent less than it would have been had there been no strike.

In Storey county there will be a falling off of votes. During the past three months it is figured that at least 150 men have left the camp. This came about by the closing of several properties and the abandonment of the Ward shaft. From the lack of enthusiasm and the light registration a light vote is figured over the state.

BENEFITS LOCAL PEOPLE

Tonopah people have discovered that A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-Lika, the German appendicitis remedy, removes gas on the stomach and constipation AT ONCE. For sale by the Tonopah Drug Co.

A store that advertises must be a store of values—of "bargains"—or the advertising would not pay.

REMINGTON-UMC
The Remington-Union Metallic Cartridge Co. demonstrates the safety features of its Pump Gun.

PUMP GUN
Solid-Breech, Hammerless, Safe.

Bottom Ejection—empty shells are thrown downward—smoke and gases must go the same way, too—insuring uninterrupted sight—rapid pointing always.

Solid Breech—Hammerless—perfectly balanced—a straight strong sweep of beauty from stock to muzzle.

Three Safety Devices—accidental discharge impossible.

Simple Take-Down—a quarter turn of the barrel does it—carrying, cleaning, interchange of barrels made easy—your fingers are your only tools.

For trap or field work the fastest natural pointer. Your dealer has one. Look it over today.
